My Dear Judge -

Yours of the 27<sup>th</sup> duly recd, I hope you will "knock out"  
Fleming, Blair & all the other crosses who annoy you, and have  
no doubt you will if they give you any sort of a chance at them.  
Paint. - The Sherman-Melrose Co. have an office here but they  
will sell only through their agents, they are as "fussy" as possible, and  
I guess you'd need to be in luck as much a business. I don't think  
their paint is anything extraordinary. It is well advertised and  
the sale pushed through protected agents. - I think I can get  
you a paint equally good, at about 1/3 less price.  
The Dowdson, Knowles Co. make an excellent paint, which,

I have used for some years - in the office, & in our house, and  
stands well, & I think I can get it for about  $\$1.00$  per gal.  
Expect to have sample cards & price lists tomorrow, they  
have moved from these old office, which I only discovered  
on going there - I'll send the cards soon as recd. but had to  
send to factory for them -

Tell Mrs. Langier her favor I've with ok for the flag is  
well, Thanks, - am glad to know my selection pleased  
"you all" so well. Happened to be one thing that I was fixed  
solid on, largest objects in the country, & customers of ours, sell  
them folding camp stools, just about 1000.

Today is our first really hot day, & its a cooker,

Yours truly,  
Edmund,
