Mrs. V. H. Longee.

Your letter received today. Some time ago I received a letter from Mrs. Darby wanting me to send her a woman and her husband. I found one I thought would suit her and have never heard from her since.

I don't know why she doesn't write.

I went to see them today and they are willing to go and live with you and will start as soon they receive the money. I think you will like them I hope so anyway.

They have kind wishes come

of the best people of this
city and we heard no com-
plaint. They live four hours
from me and I never hear
of any unpleasantness between
them. Hoping to hear from
you soon I am

Respectfully
H. Smith aft.
