It has occurred to us that you may have some article prepared suitable for our magazine or that you may be disposed to write one - a story perhaps in <sup>which</sup> the fashion and southern attitude should be considered. Your success in *Boies without Straw* was so great that we believe you could in a further treatment create an equal interest and enthusiasm beneficial to me as well you - We should at least be pleased to hear from you if you have anything to offer or to suggest that would be of interest for our Magazine.

Sincerely yours

Dear Mrs. Tourgee:-

Yours of the 14th inst. is received.

We will hold the offer of \$1500 made you open until the end of this month, as suggested by you.

I am very glad to hear that the Judge is improving and hope that he will not attempt to do too much during this hot weather.

Very truly yours,
