

Denville Ct.

July 19, 1890.

Dear Mrs. Tougee,
Years of the 9th June
as all, your stay, on
the old home at Denville

For various reasons we
were not able to visit
you on our way here
and as we have returned
tickets - fear will not on
our homeward way.

Mr Fisher was out at all
well all the Spring and I
think a little worried himself,
so was easily persuaded to

to take an earlier vacation
than he otherwise would, and
for him there is no place
like the old home for rest.

I have tried to have him
ask for further "leave" but
in vain, he will go back to
his work the last of this week.

My sister from Minn.
was with us with her children,
several weeks before leaving
Washington, and is still
at father's where we are
holding family reunions
very pleasant to us all.

I was disappointed at
not seeing her in the
Spring and more at not
being able to see you all

in your home at Marjorie's. I trust
that is but a deferred pleasure.

Mr Fisher says his rest has done
him much good and is all ready
for work again and wishes me to stay
as long as I choose in N. which may
be till the last of Aug.

Am so glad to hear the Quetzal is
so much better. Tell him I envy him
the fishing and the crowing.

We are always glad to hear from
you and trust it will not be long
before we all meet again.

Aff. yours

Giolette M. Fisher
