Judge A. W. Touzler,  
Dear Sir, -

Having been very actively interested in the recent Inter-Society Contest at Meadville; knowing that you had been asked to serve as a judge, and having seen your letter in reply; for various reasons I am very anxious to know what you think of the productions sent you and would be very grateful to you if you would please favor me with your opinion of the manuscripts and particularly of the Orator - "The Philosophy of History". I will tell you more after I hear from you.  
Yours truly,  
Will W. Youngson.
