Sir :- We are organizing The Natl Lecture Bureau, which will make a great specialty of Temperance Assembly appointments - Col. Copeland, Gov. St. John, Mrs. Helen Gargus, Gov. Cramback, and many others are upon our list - We would be pleased to have your name, and the privilege of making some appointments for you -

Will soon issue "Circular Letter" and Catalogue - Hoping for a favorable reply, at your earliest convenience -

Yours Respectfully

(Rev.) C. L. Haskell: Manager,

I am not, as you probably know, a
"Temperance lecturer" that is I never lec-
ture upon the subject of Temperance,
or any phase of that subject.

If you desire you can make
engagements for me to lecture
the dates to be fixed by my
personal agents so as to have
no conflict, as near as may
be with my other work.

My terms are \$75 invariably,
no discount to any one. ^{On} ~~From~~
this the agent in making the
engagement is allowed ten
percent.

My subjects for the coming
season are
