My Dear Mrs. Sawyer,

Please convey to the Judge my hearty congratulations upon his Open Letter to the Senate. I thought my printed letter to four and half a doz other Senators was the only one regarded as unworthy of acknowledgments. I should have concluded it was too saucy - but for that to Reed - much error - which was acknowledged.

I see they have changed the beggarly compensation of Chief Justice - not the princely one of State Councillors. Is it all to make it ridiculous and ineffectual? It looks so, and I fear the Judge has taken off the high so clean that it would be safe to mention the bill to a Senator again.

Hope you didn't lose any time trying to find our friend Miss Boyster - who - for some cause yet unknown to us - went to Glens Falls
