Mr. A. W. Tongue
Mayville City.

Ma'am. Yours at Lacon. I am
at a loss to know or rather account
for the defect in spring you speak
of. If you will measure the bed, length
& width, exact measurement I will make
more wire spring to fit & send you. I
had the measurement at twelve the
other spring was ordered, but did
not preserve it.

Respy,
John J. Aldrich
