My Dear Madam

Yours of 31st ult rec'd
We will be pleased to suffer the "affliction"
of your presence at our reunion knowing
that these light-afflictions which are but
for a moment will work out &c -

Come to our house and make yourself
at home - and if the Judge's health is
feeble - My wife is also a capital
nurse (at least I think so) and you
together will protect him from serious
malady I hope - We anticipate much
pleasure in the visit -

Yours truly

M L Maynard
