

A.W.T. PAPERS 20 Sep-Oct 1890

September 22d

Dear Judge Tourgee:

I thank you for your answer about the Keys matter. It shall have careful consideration.

In regard to "The Function of Fiction" and "Morbid Realism" - the Forum just at present has a disproportionate amount of matter on literary subjects before it, and no more ought to be engaged till some of this has been worked off. I will make a note of both titles, for reference when the field has become a little clearer.

Yours sincerely,

R. F. Meicalp,
