

Office of G. W. Shank,

Manufacturer of Pick, Sledge, Hatchet and Hammer Handles.

London, O., <sup>th</sup> Sept 24, 1890.

Mr Judge -

Am off on a handle hunt, & at this point which I leave tomorrow for Indiana, I recd from Russell report of Marie Chambers - which is probably what you want - Have had helper dozen reports of different Mrs chambers - and know the pedigree of all the old widows, milliners & dress makers in Balto.

Mr Subscribe for Dr. A. J. B. Book with Waddell, to whom the report is addressed - When you are through with it please destroy the report -

It will probably be couple of weeks before I am home, but I keep Russell advised of my movements -

Hope you are all well - Kate is visiting her Sister (Mrs John Ferguson) in Toronto, Ont.

Yr Est. friend,  
G. W. Shank.
