Hon. Albion W. Tourgee,
Mayville, N. Y.

Dear Sir:

A committee are getting up a course of lectures to be delivered in Sewickley, a suburb of Pittsburgh twelve miles out on the Fort Wayne Road, this winter. We would like if proper arrangements can be made and if agreeable to you, to have you deliver one lecture this season. If your services can be obtained for two lectures probably we could arrange in the city to have two lectures delivered on consecutive nights, one at Pittsburgh and one at Sewickley, so that but one trip would be necessary. Do you intend to deliver any lectures this winter and if so, would you be kind enough to state your terms for one and for two lectures, and oblige

Yours respectfully,
