My Dear Mrs. Furgue,

Your letter received, with my brother's discharge enclosed. We acquainted the Judge with the facts of his life, in the war with the thought of having him take charge of the case of his receiving a pension. He still desires him to do so at an early date if possible. If the Judge feels he cannot do it, we will secure some one else, as we would like the case pushed. But we prefer the Judge. Lodie was in to see me yesterday, & brought the basket of grapes you so kindly sent me. I enjoyed eating some of them last evening. Hoping you & the Judge

are both well.

With sincere love.

H. E. Pennington.
