Dear Sir:

Hartford, Miss. also, has
sent me Mrs. Turgie's note of the 6th
inst. as they publish at my agent's.
I have directed them to send you
a copy of my book on Profit Sharing.
I hope you will please accept
with my regards. An unusually
large number of four copies
was sent out, a year ago last
Spring, and the work was exten-

privately reviewed. For this reason,
an article on the subject, in some
prominent paper, rather than a
review paper, would probably be
the better line for you to take.
You will find help towards such
an article in the enclosed report
containing the abstract of a paper
read last evening, and Gen.
F. C. Walker, the noted political
economist's opinion. Kindly send
me a copy or two of the article
when printed, and oblige
Yours truly,
W. H. Gilman.
