Sir I have
been a while in your
position for a long time
and I fully endorse your views
in your last with regard to
the Republicanism. I am just such
a Republican as you are,
now I would like you to compare
the way our Gov. treats her
Citizens in a Union Country to
those who happen to be Republican
in the South. Compare the
Civilian Affairs with some
times that are happening every day in
the South. Yours S. C. Caswell
