Mayville N.Y. My dear Sir,

The Throylet comes to me to call your attention to the way the Plenum Knight attempts to fix the yugage of Battle for the People Party in 1892. In the approaching contest they will make earnest effort. Which is rendered especially important by reason of the industrial & financial policies of the Govt being at stake. You will observe the material interest in the matter as the ^{most} important issue, by "George Jim" he did aid in defeating a civil rights bill when Governor and the fundamental principles of a free Govt were taboored when he ran for President, at his instance, and would be now again if he could have his way. Give them a parting shot. a Country upon a solid foundation with civil & political rights ^{secured} for all citizens to an equality before the law. With the can ornitants of the Speech Ballot & Dr. Ballot Commit ^{the} more importance to me than a dollar & Cent issue. Let us secure

a country to enjoy their rights in fact
This country was founded upon a Com-
promise of Protection and Liberty -
and when any man, even the President, can
not get that protection - how they may
count the day but a day of mourning
for people having it been secured by
the hands of man, to have their salu-
tary laws impugned in reality as a
living principle of free government - That
blind God of upon our Capitol can
never adjust his scales of justice
by except by the element of equity
to all men - I am with you in your
movement of heart & soul - An
opportunity taken to the eye alone will
bring upon Republicanism to paralyze
all effort. When such a movement they
to smother the trails of Liberty
tyranny & wrong - and for one have
nothing to do with me ^{that} stay up
the hands of those in official authority
or they resign the burden upon their
shoulders - It would seem only a flau-
ent sword to the taking of war could answer
the people ^{including} from their heart of selfish greed
