(Dictated by A. F. R.)

Dear Sir:-

We want a continued story to make about 25 or 30,000 words, for our magazine, entitled "The Cooking School". We thought that a bright writer like your self could make it entertaining from several points of view, and if you are open we would like to get your price for same and at what date you could deliver us the first installment of 5,000 words.

We shall appreciate an early reply.

Very truly,

Judge Albion W. Tourgee,

Wayville, N. Y.
