My Dear Sir:--

Lithographs received.

Please inform me of the date of your arrival here. Will you expect me to arrange for your entertainment, or will you select your Hotel? Many leading citizens of color have expressed a desire to tender you a banquet. Will you have the time and would it be agreeable to you to accept such honor? If so, which would be most agreeable, a public reception, or a private banquet? That would afford you an opportunity to exchange views with a number of gentlemen on the race problem? With desire to oblige you, I remain,

Respectfully Yours,

Geo. W. Gaines.
