Dear Sir:-

We should have acknowledged your favor of last month, asking us to send a copy of our Magazine to your daughter. We shall take pleasure in doing so to-morrow, but you are such an experienced and practical magazine man yourself that we are afraid you will be very critical in judging of the merits, and especially the illustrations, in the present Number.

We know that they are considerably of a failure, but we are sure we can improve very much as we proceed.

We should be very glad to have an article from your daughter on any subject which she chooses, provided it is in our direct line. Will you kindly have her write as soon as possible, and oblige,

Yours very truly,

The Clover Publishing Co.
