

Hon. A. W. Touque,  
Mayville, N. Y.

My dear Judge:

Four of May 11<sup>th</sup> etc was received this a.m. Glad to know you & yours are safely home again.

The N. Y. & P. mileage Books are not on sale here - they must be purchased on the line of the road, Buffalo to Oil City. You might possibly have been able to procure one at Mayville, but my experience has taught me that they are not always on hand at way or small stations. Hence I thought it safer for you to send an A. O. which will serve you just as good a purpose. You can purchase it from Mayville to Pittsburgh & return 205 mi each way 410 miles in all. I also enclose with

If your train is on time you will arrive here  
at at 7:10 a.m. The B & O train leaves at 8 a.m.  
by same time. You can take a car at the  
Main Station & ride direct to the B & O Dept.  
Giving you ample time to take your

breakfast at Union Depot (which is the best place) before you go over to the B&O train. However, if your train should be late, too late I mean to do as I have suggested, your next best thing to do will be to take the P&R train at Union Depot at 8 o'clock, which would put you in Washington at 8:15 pm. as against 4:55 pm in case you make the B&O connection. I would like very much to see you & were it possible to do so should meet you at ~~the~~ train - but it so happens that I am entirely alone in the office and (having changed our place of residence since you were here) we are too far away to do so. at that hour in the morning. Should you have time, call at office on your way home.
