

71 Niagara Sq.

My dear Judge:

Yours of yesterday is at hand. Of course it would delight me to go with you and aid you in the grand undertaking to the full extent of my limited powers. I have consulted with my associate and think there will be nothing in the way of my going at whatever time may be desired, but cannot tell positively until Tuesday morning when I will advise you.

Please let me know what time you desire to leave here, also the general nature of my

duties, in order that I may prepare myself.

I would suggest that it might be well for me to make arrangements for accommodations at once, at the end of the journey, as I anticipate that it will be necessary to be forehanded if we desire to have a resting place on our arrival.

Respectfully yours
H. W. Boudh.
