

Hillsdale Ky.

June 16, - 92.

My dear Judge Tourge

Your favor of the 13th inst just rec'd. and will reply at once in order to have it get around in time. We-I have not had "Pactolus Prime" - we were just in the act of sending for it. You may send it on and I will remit.

Touching the distribution of "Liberty Worth Preserving," I will say that I am in one of the hottest fire-sitting sections of the state and our cause can find no encouragement here, but I am going to the Lexington Convention - 22 inst and might easily distribute 1000 or more; can be used to an advantage - so send them to me in care of J. C. Jackson, Lexington, Ky.

This Convention is to take action
on the "Ginn Crow Law" and raise
money to fight it - of course I could
not very well strike in and ask for
money for another matter.

I think it will be wise to try to
work in with the committee by letting
them have ^{1/2} half of the price of the pamphlets.

Yours in haste

J. T. Robinson

P.S. I was too tired & sleepy to ex-
press myself clear last night, but
you can guess it out. Be sure to
send the pamphlets to Lexington, Ky
in care of J. C. Jackson as they can not
reach our here in time. J. T. R.
