

Fredericksburg  
Va

June 17<sup>th</sup> 1892

Judge Albion W. Tourgee

You old scoundrel,  
You know when you said in  
a speech at Minneapolis, (that  
more negroes had been  
murdered in the south since  
the negroes were emancipated  
than there was slaps in all  
the years since,) that you  
knowingly lied, and if a  
few negroes have been lynched  
for their assaults upon our  
white Ladies, they did not get  
their just punishment, for we  
southern people esteem our  
Ladies, and put <sup>an</sup> estimate on  
them which is far above that  
of northern Cases like you,

And if you so much favour the  
gratification of Negro Bucks  
with white women you had  
best come down this way and  
let it be known, and take  
them home with you and  
turn them in with your  
daughters, wives, Mothers, sisters  
and e — we will never be  
on equality with a Race whom  
god has made inferior to  
the white Race, And if you  
will come down this way  
and talk such talk as that  
we will let you know how  
one of your ilk feels, after  
being handled by white  
gentlemen, so come along  
And we will send you  
along with such villains as  
those we have dispatched, and  
you will be in company with your  
liking, the Devil & his Angels
