Mayville, N. Y.

Dear Sir, Circulars are being scattered all over the south offering negroes practically free transportation from ~~the~~ New York City to Africa, and other inducements besides.

Probably thousands of negroes have gone, but it seems that nothing has been heard from them.

Can you give me any information concerning the responsibility or object of the persons sending those circulars? I am white but there are many colored people here interested in the subject. Hoping you will pardon me for troubling you <sup>am</sup> Most Truly yours, J. C. Chandler
