

South Chicago, Ill.

July 1<sup>st</sup> 1892

Judge Tourge.

Dr. Sir:

My daughter is a member of a little society interested in sending good reading - chiefly Religious and Sunday School Papers, to those persons desiring such reading and we thought perhaps you might be able to send us the addresses of some reliable colored persons in the south to whom such papers would be acceptable.

They have sent away nearly

one thousand papers the past  
year - and would like to send  
some to children of S. Schools  
in the South. to colored  
people who are in need of  
such. If you can take time  
to send us addresses of  
some colored people  
to whom Angie can write  
she will be greatly  
obliged to you

Very Truly

Mrs. Gideon E. Clark.
