

Silver Lake Assembly

July 23, 1892,

Dear Friend;

I am requested by Mrs. Eldridge Burlingame to invite through you, your husband to accompany you to our reunion and to give us an address choosing his own subject. We consider him one of our number not merely that he married you but that he gave the address when the class of '60 graduated, but we know for this we were indebted to you.

Mrs B — also wishes you to respond to the toast — "Our Authors" or if you prefer "Our Wives & Mothers" you are at liberty to choose.

We hope no previous engagement

of your husband will
prevent his coming, and
your sister the teacher
we all want to see, we
are looking forward to a
good time. The committee
is doing all and their
power to make it a success.
If you know of any student
who you suspect has not
received an invitation, send
their names to me. It is
difficult to reach them by
their married names.

Yours sincerely
Miss Abby Barry
Silver Lake Assembly.
