My dear Mother

I have not known you
where in the city and having
thought of you for some time
the news of the death
of my sister-in-law that happened
in our city. I would like to
have your opinion and
give you the same of a
great many of our people
then think that I had let
it happen. I am
and I would be more
determined energetic feeling

for the same we that live here
in this free state, where all
the privileges is afford us we
have slumbered to sleep, and
now the men of the city held
one meeting and we had
several speakers from the hard
part of the country come from
Boston & other city and they
say this should be a great
start the people should be
aroused from city to city
for in the history of this
country the city press never
came out so boldly as they
have in this case for the
right of a colored man
the ladies are going to have
meeting next week speeches
are to be made & Resolutions
drawn up, and can you

take pity and help us to
do some thing if is ever so
little. for I am determined by
the help of God from his
out to try and help you
in the good cause and
to all that lies in my
power for God help the
poor people that has the
afflictions that we have gone
through with. you dont
know what it is untill you
have felt it yourself if you
get this letter in time you
can write a letter that
can be read ~~for~~ the meeting
if you approve of it I
hope you will understand
me as I have ben thinking
and thinking of you, and you
know we have no where else

gr on earth. but ask God
in Heaven.
