

1893

March 15, 1893

My dear friend -

I have been so
 disappointed in my
 visit to your place
 and in the result of
 the visit to the
 school. I have
 been so disappointed
 in the result of the
 visit to the school
 at the time.

How is your mother this
 week? How did the
 operation of the
 school? How is
 your mother? How
 is your mother?
 How is your mother?
 How is your mother?
 How is your mother?

Paris. His Britannic Majesty
has been and spent some
days with us last Sept-
ember. His Majesty is very public
I should be obliged if you
would write some lines to
him at the same. I have
not written him in some
time and do not know
whether he is in Castile
or Seville. His Majesty's
agent is Barcelona - as was
proceeding in Castile.

I have not seen any of
our old Seville friends
since the Revolution. I
wrote Mr. de Berners as
soon as I could with no
more about the Revolution
than I could see was the
only thing to our friends
there, but I have never

received an answer, per-
haps they do not care to
see a letter from me at
present circumstances.
I have never been to
St. Peter. I have been so
very busy that I have
not had time for writing
in a great measure.
What are we going to do about
our pension next summer?
And the Officers have a
meeting to decide on a
Board of War. Will there be a
change of membership too?
I had two wives de Lamoignon
and one de Lamoignon as
treasurer. I see in some
papers the names of the
Lords de Lamoignon have
decided to recall no com-
plimentary letters shall be

issued to some of the schools.
I do not know whether our
revisions would come an-
der that head or not. Ho-
wever, really believe that S.
D. Cross, will ever build a col-
lege, & I have never seen a li-
brary that would get a man
to be made. Yes I think
S. D. Cross is the, please
hold the Revisions for of
the winter school students
in Mansfield. I don't believe
a half dozen would get a
character. I could not
have done them last August.

There is that side of things
I hope there is im-
proving and will be able

I would without the credit
of my name.

Well, if you remember
the English had done fish-
ing in it but you have a sort
as well as his brain. This
the Lord unravel itself, or
did a real brain do the
business. I have just been
reading Bentons I am not
enjoyed it very much.

I have not seen his last
book, I am sure for it was
done but they did not have
it then, and I have been
two days to think of it since.
I am now planning to
do it in Chicago in March if
Mother keeps well. I think

or at least it seems that I
can leave home better than
than later in the season.
If I do not go in May I
shall not be in until
September and I know I
will have to do and do
and everything possible
it will be in the end
Account. When do you
think of going to the
world's fair? I haven't
given it much thought?
I hope to start by the second
week in May if not the
first, I will be home the
end of June if all is well.
Now see I am going to give
myself plenty of time
to do everything and not
get too tired, at least I
am not going to rush or

am I going to the fair every
day?
Mamma thanks for your
kind invitation to visit
you, nothing would give
me more pleasure, and
I hope to be able to do so
in the near future if you
are at home when I come
from Chicago you may
see me there for a day or
two. You see when I get
away if Mother keeps well
a few days don't make much
difference, but it is hard
work to get started, we have
to clear the house and
make arrangements to have
things looked after, and
get Mother moved to my
sister's but after that is all
settled I can stay.

Someone told me a short
time ago that your
some Buffalo paper you
and the family was both
ill, how ill they did not
say, I hope you ^{both} have entirely
recovered before this and
are enjoying life in the
west.

Yours sincerely
Frank B. Beattie
