Dear Sir -

I hand you a clipping
from the Troy Daily Press.
I have answered its most sa-
lient features. There has been
a vast deal of verbal and
written comment on the editori-
al, from all which I gather
that it has not only stirred
up the animals but done a
vast deal of good - The Senate
has confirmed Jackson, which
shows that the Republican-
ism at one end of the ar-
ene is no better than that

at the other.

I have also had a letter from Mr Snapp, with a copy of his "God's Rebuke", which he wants to have me use. But I don't find ⁱⁿ it, the necessary freshness of news and opinion to justify its publication.

I trust that your health continues to improve.

I am here for ten days.

Yours very truly,

T. Thomas Fortune

Judge Albion W. Tougee -
