Dear A. W. Fryer,
My Dear Dear Friend
I will, me give
it up. We are now
& now among,
where I am where
do you get your in-
formation. It is wonderful
you have just hit
the Bull's eye in your
"Article on Harrison" of
Feb. 10th. You see we
have just read it. As we
are together than a week
from Chicago. It seems
of all your great writings
I read & wonderful
for that your article
on Harrison's
approach to a State
Rights movement - but

The Bench of the Supreme
Court of the United
States, in the ability of
Court - perfectly an
incompetent man to undertake
republicans heretofore.
Your support has
revealed to apathetic
uninformed republicans
Harrison's reflection
in this hope of soul of the
republican party in
shutting his eyes to the
cries of the colored people
South, & his utter
wants of contempt of
the colored citizens in
ignoring their claims
to notice & position
at the North's part

There is one thing
 we have to complain
 of - you have led
 us myself & wife
 to be somewhat guilty
 of the sin of idolatry
 For I don't know ~~that~~
 the wife will come
 to worship the creature
 - you serve than
 the Creator - for we
 - have we read of such
 "idols" we exclude
 - how he was striped
 - then & what analyses
 of Miracals. Yes
 Republic ^{everywhere} who
 went - after the Repeal -
 - with bowed heads
 & hearts of heavy
 hearts are beginning to

declared "well he ought
to have been beaten."

The leaders ought to
have been beaten. "Am
men" I have been
at the time when Garrison
& "millenials" were out-
the colored people
South & North the
rank & file South

I put in your
eye" & there is a man
article in the able
on Garrison's reason
from help you
& yours is our present
~~page~~ yours
forever
