

New York Feb. 23, 1893,

Dear Mrs Tourge:

Yours just received. I had already given it out & have a cut made from it, but countermanded the order to wait till the paper is thro with it. Will you have them return to me as early next week as possible. I am very anxious to have it to go on the back of the new edition of pamphlets I am getting out. I just got here yesterday & placed it with the lithographs yours J. B. Wells.
