My dear Mrs. Tourgee:

How do you happen to know about these cases in Arkansas? Are they Methodist ministers? Our ladies have been helping a number of ministers, and we have reason to suspect that some men are getting duplicate barrels. There is one man now in Arkansas by the name of Teeter, who has been accumulating an immense store of secondhand goods in this way. He was in Indian Territory, and has gone to Arkansas. Have you any such man on your list? Please let me hear from you further.

Faithfully yours,

John H. Vincent.
