Judge Sawyer.

My dear Sir.

Upon the principle, that he is "thrice armed" whose cause is just, I enclose you a letter from Mrs. Wells, in whom you are taking such kindly interest. The letter is better than any extract I could make of it and I believe it will affect your interest as it did mine - confirm your faith in the woman. If her record was available she would not send me to her enemies - especially as they are my friends - I know Cassels and I am sure he will tell me all he knows.

I regret we shall be unable to secure your active help in the trial if one is had. I would be willing to accept nominal damages if you could give that scoundrel the scoring he deserves. Thank you a thousand times for your World's Fair Prayer Day article of yesterday. You have voiced our thoughts and made the scheme appear as ridiculous as it really is. Yours Barnett.
