

Goshen N. Y. March. 6th 1893.

My dear Judge Louger.

When I first saw that you were to return in Christ I hoped very much to come down & meet you even tho' we might not be able to play six handed euchre. But the drift between Christ and Goshen renders the attempt almost impossible. I am so much disappointed not to meet

The further advance her invitation is mine.
I trust that your health is better than
when I saw you. Will you please give
my love to the ladies of your household
and for yourself receive the very cordial
greetings of your friend

Alice Hart Keaper

To the Hon. A. W. Tamm

you and renew the pleasant
friendship of Chautauqua
Lake. I of course do not
know your plans or engage-
ments but if possible we
would be so glad to
have you lunch or dine
with us tomorrow. We
lunch at 12.30. and dine
at six. Should Mrs. Tour-
gee or Miss Kilbourne be
with you the pleasure would
be still greater. If you
can come I will meet you
at the station any time
if you would telegraph
me.
