March 27th, 1893.

Mr. Albion W. Tourgée,

Mayville, N. Y.

Dear Sir,

We are in receipt of your favor of the 21st inst. and regret to say that we cannot make the metal sections that you require. We would be pleased, however, to furnish the sheet metal and turn it over to anyone you suggest and have the work executed for you. You say that you have used tempered Brass; cannot these people use the Aluminum Bronze just as well? We can roll you Aluminum Bronze any width you require, and if you will give us the party's name that makes the Brass sections for you, we will call on him, if he is in New York City; otherwise, you had better consult with the concern that does this work and request them to see our Aluminum Bronze.

Please let us hear from you, and oblige,

Yours truly,

The Aluminum Brass & Bronze Co.,

*Would be small samples
of our 4% Al Br.*

J. L. Taylor
New York Agent.
