Dear Sir:-

Your favor of March 25th. at hand.

We would like to give you the 21st. and 22d. days in June and name the dates for the other engagement at a later time. If, however, you-desire the other dates definitely named at this time, we would try and do so, although, as you know, it is rather defficult to arrange dates among speakers, so as to suit all, so far in advance.

Your terms of "\$150.00 each engagement, that is for each month" are satisfactory.

We are getting up a 30 page program for June and wish to have in it the "cuts" of our leading speakers. Have you a cut of yourself that you could let us take for that purpose?

We will have what we consider to be a fine program opening with Dr. Talmage for two days, and containing among others, Rob't. Nourse of Washington, Senator Peffer, Rob't. McIntyre, Sam Jones and Mrs. Lease.

Awaiting your reply, I am,

Yours respectfully,

Galen L. Tait Secy.
