Mr. A. H. Sargee

Dear Sir

Write you some
time years ago & your prompt reply came
to hand. I thought you rather an old
and infirm man, but I was not come.
John D. W. Shaffer, office in this city
& he tells me you were unfortunately during
the war. I had supposed you that time
& I am truly glad to know you are not
an imagined suffering from old age - as
your picture in Mr. Shaffer's office
shows. I will come again & ask you
to write to A. W. Shaffer, & let him
give you a letter relating of this

being a meddling case, that I once wish you
to trust, had the money I would at once
come to you I know you could not
refuse to expose this crime by writing
it up, if you could see my papers,
part of them were papers, you once
could up a book which cause such
indignation - which you did know
was truth, & they leading to race, their
own work, and in this case I allude
to, can be handled so as to bring
every mans name, before the public -
(There is money for book-writer
& character) - Let me know as soon
as you can I oblige, if I may not at
least hope, to get you soon to write
a book of it all.

Very Resp

Wm. Carter D.D. Arlington
