Dear Sir - I am discussing
patriotic subjects in my pulpit
Sunday evenings. I am now upon
the Negro problem - I want the best
light I can get upon the present
condition of things at the South.
With the rest of the world I am
inclined to you for some light
already - but could you help me
upon the affairs of the Negro Society
as they stand today - as to lynchings & va-
rious persecutions? I was a soldier in

the recent war - fr. New England

Have recently settled in the West -

Can you cite me to books or articles -

A friend in my parish emboldened
me to think you wd help me in this
discussion. Very Truly
