

Mrs. A. W. Bourque  
Mayville-on-Chautauqua  
New York

Dear madam:-

I am much gratified to learn that the little circular advertising Judge Bourque's lecture pleases you — and I send you a quantity under separate cover —

The cut is from a drawing taken from the picture of the judge in his library and the artist was Mr. G. A. Schmidt.

We who listened to your husband the other night, admire and honor him as much perhaps as he is loved

and appreciated by his family.

As my mother said after the lecture "he has a big heart, God bless him - May he be long spared to plead for justice to colored man"

Very sincerely,

Arthur Davenport

P.S.

I have a large quantity of the Circulars left, should you be able to use any more will gladly send them

Ad
