

Dear Mother & Sister  
My affairs this  
winter have taken  
an odd turn.

Last Sunday night  
I received a telegram  
from my father's  
illness and asking me  
to come home. So my  
first journey from the  
house was to a sick bed.

My father is improving.  
I received word from  
Mrs. H. B. Mason of  
Cuckford that she would

to and back to Castile the 25<sup>th</sup>

The lady from Medina cannot be here - has been very ill. I have not heard from Mrs. Bristow - do not know as to her. The doubtless will be present - Mr. Lane & I heard from Mrs. Eddy.

I will try to meet you there although I am not a member of the Executive board, as I understand the matter; but by both the invitation

of myself and Mrs. Burlingame I will try to assist. Under any other circumstances I should not feel that I could leave home.

I did not write Mrs. Cotton, as she said she did not accept the position on the board; yet if the attendance is so small it might be well for you to write her of this meeting.

Lovingly,

S. G. Huggson.
