Dear Sir

I can think of no apology for taking your time, but wish the enclosed lines "A work in New Home" could find a publisher.

I believe you will be indulgent in any case.

Very Respectfully
Mrs O. S. Campbell.

The colored folks have many good and even artistic homes in Emporia Kan. that they have earned & one former slave told me she wished her former master's family could see her home and that she could do something for them.
