Judge Albion W. Tougee  
Mayville, N.Y.  
Dear Sir,

I am a careful reader of "Byplauder's notes" in the Liberator and I have been vastly benefited intellectually by their perusal. There is one matter, I greatly desire you to touch upon sometime in the near future. The foreign policy of the Democratic party. Their platform says: "The Democratic party is the only party, that has ever given the country a foreign policy consistent and vigorous compelling respect abroad &c. &c. I know in your incisive way, you can puncture that false assertion admirably and give the key notes for scores of speeches during the coming fall campaign. I do not know that you are aware Judge, but there are many political speeches made, the material for the foundation of which is taken from "Byplauder's notes".

In the Territory Republicanism

## Utah Wool Growers' Association.

Kanosh, Utah, \_\_\_\_\_ 189

has had but one battle (Nov 1892)  
The Democratic party had a majority  
of 7040, but in a six weeks campaign,  
with a few speakers, poor in purse, we were  
able to lower that majority to 2806, and by the  
help of the now triumphant democracy, we  
shall at the next election sweep that 2806  
out of existence for ever in Utah.

I heartily agree with you that "It has come  
to be a mark of sound Republican leadership"  
to be evasive, cowardly and shrinking, but  
perhaps the flogging we received in 1892  
will stir up the dormant latent energies  
of our party, and we finally become aggressive.

Pardon this letter dear Sir

and believe me

Yours truly,  
Chas Crane.
