My Dear Mrs. Tongee

I received a letter from your sister saying she could not see that Committee so I think you will have to act a lone or select some one to act with you I think our Programme last year was longer than necessary. It did not give us much time to visit. I wish we could this year have half an hour for conversation I do not wish to dictate I think we had a good time

last year and I expect we will this  
this year also. The Committee of arrange-  
ment appointed by that part of the  
Executive Committee who came together  
have had a meeting at Mrs Cottons  
the majority were in favor of  
the Walker grounds because there  
is no Hotel on the Assembly grounds  
They thought we could convert  
a dining room into an Auditorium  
easier than we could an Auditorium  
into a dining room but it will  
not be necessary to do so for Walker  
has a hall that can be trimmed  
and made pleasant for our  
Literary Exercises there is a Piano  
in the Hall so we will not  
be obliged to get one.

Now if have any suggestions  
to make please write Mrs Eddy  
is still anxious to meet on  
the Assembly Grounds.

From your Sisters Letter I think your  
Mother is still feeble I hope she  
may be better when the weather becomes  
more settled Remember me to the  
Judge Accept much love

Yours Sincerely

C. A. Bushingham
