Mr. A. W. Tourgee,

Mayville, N. Y.

Dear Sir:-We beg to acknowledge receipt of your esteemed order of the 14th inst., and remittance of \$10.00 for Henderson's Special Grass Mixture suitable for meadow. We beg to state you certainly would not have the best results by seeding at this late date, unless the summer was very favorable, cool and considerable rain, results would not be at all satisfactory, and we would strongly advise you to allow us to book your order for grass seed and forward any time from the 1st to the 15th of Aug., which is a much better time for sowing than the present.

If this meets with your approval, kindly let us hear from you and your order will go forward in due time for August sowing. If

for any reason you cannot make use of the seed at that time, we will be pleased to return the amount you remitted for same. We note your order for the seeds of the Lotus and Water Lilies; we will at once forward by mail a collection of the same including our pamphlet on their culture. The cost of these we will deduct from the amount you remitted and the balance we will credit you with and if you instruct us to forward the grass seed later, whatever there may be due on the grass seed we will send you an invoice for.

Yours truly,
