My Dear Mrs Georgee

Both Photographs &  
Letters received many thanks  
for your kind remembrance  
I can truly sympathize with  
you in your hearts aches  
my Mother died when she was  
82 years old She had no kind  
Daughters to take care of her in  
her last suffering I was  
situated so it was impossible  
for me to be with her  
and the sorrowful wound it  
made in my heart  
time has failed to entirely  
heal though it has been many  
years her home was with  
my Brother who is still living in my State

I saw by the Paper that you  
have a sister in Rockford  
I asked the people where I  
was if they knew such a family  
they did not said there was  
a good many by that name  
in the City Well now  
I must repeat the wish I made  
when I received the judges  
Photograph that was to see  
the whole family and now  
since I have the dear good  
noble mother and the lovely  
Daughter I feel quite encouraged  
that my wish will be gratified  
When I was in Rockford I  
went to the gallery for the  
<sup>first</sup> time since old age was upon me  
I have not seen the results yet  
I will put in the little as  
usual I have not succeeded  
in turning any real estate

in to money & sometimes I am  
almost discouraged  
as times seems to be getting  
no better for that purpose  
There does appear to be a little  
chance for the poor persecuted  
People in Oklahoma & I would  
like to do something to assist  
in getting them there if I con-  
ld find a way I often think  
of the man in jail who said  
his will was stout but  
found no way of getting out  
Please accept of my best  
wishes to you & yours
