

Grandin N.D. July 4/93.
Hon. Albion W. Tourger

Dear Sir;

I am glad to see you refer
to ^{the} glaring blunders of our
party - or at least those
who have the control of
its policies and management.
Your notes in "Intro-Ocean"
of 1st inst. on the mistakes
of the leaders of Republican
party are very pertinent.
but there is another error
they have fallen into, upon
which you did not touch,
and that is, the humiliating
effort they have made to
capture the Catholic vote.
That vote, in my opinion

is just as solid for
Democracy as the vote
of the South, and
the catering of our leaders
to this class is very
offensive ^{to} the supporters of
true reform in the
Republican party -

I send you by this
mail "The Primitive Catholic"
with marked articles on
this subject, which I
trust you will notice.

Also another article in
same on "The Daily Press -
The slave of Rome"

These things should
receive the attention of
patriots

Truly yours
Ned A Colby
