Hon Albion H. Judge
Marquette N.Y.
Honored Sir

I am very anxious to secure work for a good daily or weekly of extensive circulation in the Northern States.

I should prefer giving special attention to discussions of the Negro Question, and furnish information which really makes the history of the time, and which is being kept from the public.

I have always lived in the South and read with interest & appreciation, your writing.

I have taken a classical course in a Southern Univ. Any assistance rendered in securing good work will be greatly appreciated by

one who desires to help a people
that is helpless, and enlighten
a section intentionally kept
in ignorance of the true
condition of affairs.

I am willing to work for small
pay and go to any section
of the South, furnishing
any information obtainable.

Hoping to hear from you
as soon as possible and to
enlist your sympathy &
influence in my behalf.
I am Yours
W. J. Arnold
