Wick O. July 7-3
Judge A. W. Tourge
Friend and Comrade
The Committee on
"History" for the 105th
met at Warren yesterday
Your correspondence with
Maynard acted upon
and I was authorized
to go and see you, -
at your earliest conven-
-ience. The object of my
visit will be to state by
word, what is wanted; and
what, and in what shape,
we can furnish data.
Your idea, stated in your
letter to Maynard, is so
thoroughly in accord with

what we want that if
you can prepare the
work we wish you to do
it. Also after you see
and hear what we can
furnish you can give
an approximate estimate
for your services.

I enclose a card on
which you may set
a date that will be con-
venient ^{to you} for me to go
and see you

Those were present at
the meeting
