Miss Aimee Tourgee,
Mayville, N.Y.

My dear Miss Tourgee,

Herewith please find your three original together with proofs of the reproductions which we have made from them. The cost of plates of this character in quantity will range at about \$1.00 each. If they are larger than these subjects the price will be a little higher. I hold the plates for your further orders as to their final disposition.

Very sincerely yours,

Mr Merrill -

1881

I am glad you are pleased with the designs - the book has made but I was not my design to have a design on every page - since some of the drawings are sufficiently elaborate to look like a blank page for each - I do not think it would be correct to ~~insert~~ ^{use any} design ^{on every} page - perhaps some ^{unconventional} ^{with} ^{two} ^{or} ^{three} could be used or ^{inserted} ^{into} ^{the} ^{margin} ^{of} ^{each} ^{page} - or in the ^{center} ^{of} ^{each} ^{page} ^{of} ^{designs} ^{forming} ^{each} ^{other} ⁱⁿ ^{the} ^{page} could be ^{used} ^{as} ^{well} ^{as} ^{now} ^{done} ^{much} wash-drawing - from which half tone plates are made -

However, I will try some - since Prof. Mearns is particularly well qualified in this sort of drawing work - as can be seen in Hamilton's ^{extensive} ^{many} ^{drawings} ^{of} ^{flowers} -

Yours truly -
 Arthur Sargent -
