Mr. A. H. Lougee,

Mayville, N. Y.

Dear Sir: - Knowing of your ability as a lawyer and trusting you will kindly answer this, I write to you to ask your advice. It is my desire to study law. Financial circumstances will not permit us to get a college education. It is my plan to earn money to pay for shorthand instruction, then to use that art as a means of getting funds to go to college. Would you advise me to go ahead? I will feel

greatly indebted to you
for any advice you may
give me.

I am, sir,

Yours respectfully
Louis E. Steaber.
